ELIANA WINES, established in 2008, is the label of Brian and Carien Jordaan, a boutique winery producing under 700 cases per year. Brian, a one-time commercial grower of roses, adapted his “soft-handed” horticultural technique to his wine grapes. Since 2008, Brian and his family have tended Bella Vista Vineyard in the Pompadour Bluff area east of Ashland planted to Merlot, Cabernet Franc and Cabernet Sauvignon. The vines, now twenty-five years-old, have yielded exquisite fruit under Jordaan’s care.

The just-released Cabernet Sauvignon is full-bodied, showing flavors of currants, dark cherry and sandalwood—a beautifully balanced vintage with 30 months in barrel. Jordaan has added a neighboring vineyard, Thistlecroft, a well-established vineyard, producing Tempranillo, Merlot and Cabernet Franc. The Tempranillo offers a lush mélange of aromas and flavors featuring ripe strawberry and dark cherry notes. New to the lineup is an exquisite Cabernet Franc Blanc, an elegant tropical wine with a beautiful mouth feel. Eliana Wines has earned numerous gold medals at prestigious nationwide competitions.

Brian and Carien believe that wine is to be enjoyed with friends and loved ones, is something to gather around, to experience life together with, and to create lasting memories. Travel and wine enthusiasts interested in a late October-November wine and adventure trip to Brian’s homeland in Southern Africa, including wine, food, art, history, photographic safaris and more, should contact Brian for more information.

WEISINGER FAMILY WINERY was first planted in 1978 by John Weisinger and is one of the oldest vineyards in the Rogue Valley. The winery, established 10 years after the vineyard was planted in 1988, was one of the first wineries in the region to begin producing wine. The tasting room is the first one that visitors will encounter upon entering Oregon on Interstate 5 after descending Siskiyou Summit. With fruit sourced from local vineyards, many managed by the Weisinger family, the wines are made by second-generation winemaker, and owner, Eric Weisinger.

Be sure to try their award-winning, and sought-after, Estate Tempranillo along with Grenache, Malbec and Cabernet Franc. And don't miss the whites—Roussanne, Viognier and Sauvignon Blanc, the latter being a specialty of Eric's from many years working in the Marlborough Region of New Zealand.

Whether tasting wine in the intimate tasting room or relaxing on one of the spacious decks with amazing views of the rugged Cascade mountain range in the distance, Weisinger Family Winery is the perfect place to relax and savor a glass of truly Southern Oregon craft wine.

Local visual artists are featured monthly in the tasting room. And don't forget about their unique Vineyard Cottage that's available for overnight stays— the perfect place for a romantic weekend or just the spot to relax and enjoy a vineyard getaway!

## PADIGAN

PADIGAN produces world-class wines from its sustainably-farmed estate vineyard in the Rogue Valley AVA. The 26-acre onsite vineyard is home to 13 varietals and four soil types—including the namesake Padigan soil—providing distinctive fruit for single-vineyard bottlings and blends handcrafted by award-winning winemaker, Kiley Evans.

Owners Ross and Jen Allen take pride in Padigan's quality wine, genuine hospitality, and dedicated site stewardship. Sustainability practices that protect the land and conserve resources are important to Ross—also the vineyard manager—who hails from a multi-generation farming family. The winery is state-of-the-art, constructed in 2016 using green building techniques and topped with solar panels producing 70-100% of the winery's energy needs. In the vineyard, every drop counts with special sensors optimizing irrigation for the best grapes while preserving water.

Pair high-scoring Padigan wines with chef-prepared food options including flatbreads, artisan cheeses, and charcuterie in the tasting room. Enjoy the ambiance with elegant fieldstone walls and reclaimed timber, or venture outside for sweeping views of the Siskiyou mountains, a bucolic backdrop to the neatly tended grounds and vineyard.

## ROXYANN WINERY

ROXYANN WINERY was originally the pear growing and packing operation known as Hillcrest Orchard. But Jack Day, grandson of the Seattle businessman who became owner and manager of Hillcrest in 1908, had other ideas. Day planted wine grapes on 20 acres of the south-facing slope of RoxyAnn Peak where shallow clay soils are perfect for Bordeaux varietals. With the first harvest in 2001, RoxyAnn Winery was born.

Today the RoxyAnn estate vineyard runs to 70 acres from which the winery produces 15,000 cases of award-winning Claret, Pinot Gris, Sauvignon Blanc, Merlot, Cabernet Sauvignon, Cabernet Franc, Tempranillo, Viognier, Syrah, Pinot Noir, and Chardonnay. Recently, their 2019 Petite Sirah was awarded Gold at the 2023 San Francisco Chronicle Wine Competition!

Many of the original Hillcrest Orchard buildings, added to the National Register of Historic Places in 1984, are still used by the winery. Visitors will enjoy the warm, old-fashioned atmosphere of the tasting room featuring premium estate wines and gourmet items. The quaint setting notwithstanding, RoxyAnn adheres to enlightened sustainable farming practices and employs state-of-the-art methods in wine production, supporting preservation of the natural surroundings while ensuring the finest fruit and superior wines. The tasting room is open seven days a week.

DEL RIO VINEYARDS is both a place deeply rooted in history and a winery reflecting the latest in viticulture and enology. The tasting room was built in 1864 and served for many years as the Rock Point Stage Hotel. The parcel of land that comprises one of the largest wine-growing operations in the Rogue Valley was originally a pear orchard, and the big, red building displaying the Del Rio name, that today houses the winery, began as the fruit packing house of Del Rio Orchards.

Del Rio's Estate Cabernet Sauvignon, Chardonnay, Malbec, Merlot, Pinot Gris, Pinot Noir, Syrah and Viognier reflect the time-honored traditions of Old World winemaking blended with New World innovation by head winemaker Jean-Michel Jussiaume. In addition to the Estate brand, Del Rio crafts two other wine brands: Jolee Wines & Rock Point Wines. The semi-sparkling Jolee Rose is Oregon's favorite rosé with its hint of sweetness and bubbles. The Rock Point Wines reflect our heart for adventuring in Oregon—all five wines are suitable for everyday sipping.

As the weather warms up, spring and summer bring with it fun activities at Del Rio Vineyards! Come and enjoy wine tasting and picnicking in our beautiful backyard as you take in breathtaking views of our 300-acre vineyard. Our Sunday Slowdown music series runs throughout the summer, featuring local musicians. By late summer, come pick a beautiful bouquet of flowers for yourself and a loved one in our "Flower it Forward" Zinnia garden. Fall is a beautiful time to visit as we celebrate harvest and the start of a new vintage!

DAISY CREEK VINEYARD owner Russ Lyon came to Jacksonville in 1994 with his wife, Margaret, looking for a place to retire where they could dabble in farming as a hobby. They settled on a 23-acre parcel where fortune seekers once panned Daisy Creek for gold. Soon after, the Lyons planted a couple of acres of grapes on the advice and encouragement of a friend who thought the property mirrored the Northern Rhone Valley's famous Côte-Rôtie (roasted slope), the perfect place to grow Syrah and Viognier. Thanks in large part to mineral-laden soils that were washed down from the Siskiyou Mountains near the creek, and paired with the hard work and diligence of the couple tending the vines, the fruit they grew and continue to grow turned out to be good—really good!

Today the vineyard produces eight wine grape varietals including Chardonnay, Viognier, Marsanne, Roussanne, Malbec, Petit Verdot, Sangiovese, and Syrah. Nearly all the single vintage varietals have won medals at a variety of competitions including the Oregon Wine Experience and more.

In fall 2022 a new indoor tasting room opened, offering an exquisite atmosphere, coupled with full vineyard views, now enabling a year-round tasting schedule. Visitors will find a casual, laid-back experience where the staff is always delighted to point out the location of the old slurry mining area, a reminder of the old-timers who came seeking gold. Most never found any...but Margaret and Russ certainly did!

DANCIN is the marriage of science and art. The pairing of simple Italian fare and fine wine. And the sincere passion of Dan and Cindy.

Romance and wine have gone hand in hand for centuries and it's only fitting that the genesis of DANCIN has its roots in a love story. It's a blend of passion, serendipity, and miracle meetings, and is best heard while sipping wine in one of the picturesque spaces at the couple's tasting room. Suffice it to say, inclement weather and a chance meeting twice on the same day brought the pair together. They were married after three months and have been DANCIN ever since!

Their award-winning wines are truly world-class and the food is simple, terroir-inspired Italian fare made of the freshest, local ingredients. The venue is set magnificently on the forested foothills overlooking the Rogue Valley, one of the most unique terroirs in the wine-making world.

When visiting, you'll imagine you've been transported to Tuscany or Burgundy, or both, but you're at DANCIN, a culinary and viticulture destination of beauty, taste, style, authentic hospitality and award-winning wine. Welcome to the dance!

Situated just minutes from Ashland, Medford and Jacksonville, it's the perfect setting to drink in the views of the Table Rocks, Mt. McLoughlin and the Rogue Valley while savoring award-winning, estate-grown wines along with artisan wood-fired pizzas and much more... all served tableside!

DOS MARIPOSAS Vineyards and Lavender Farm, which opened its doors in October 2022, is a multi-generational family farm that is lovingly tended to by everyone, including the littlest helpers. Dos Mariposas, which means two butterflies in Spanish, was named for the girls, Amelia & Adeline. Newest addition, Finley, who joined the family in 2020, may see his name on a label this year!

This venue has so much to offer! The grounds feature beautiful vineyards, a multi-colored lavender field, a large pond teeming with wildlife, a giant sandbox, an onsite guesthouse, and stunning mountain views. The tasting room itself is spacious, yet cozy, with a wood-burning fireplace inside and glass garage doors that open to the wrap-around patio overlooking the pond and vineyards. A high-end sound system and spacious dance floor have made Dos Mariposas a favorite live music destination where you can catch performances by local musicians most weekends.

The first wines were produced from an existing block of cabernet sauvignon and pinot noir. Visitors this year will discover an expanded wine selection featuring new estate wines, including unique varietals Pinotage and Chenin Blanc, as well as new sparkling options. Dos Mariposas also offers a limited release hard apple/pear cider made from a blend of estate-grown fruit. The menu includes other drink and food options, highlighted by lavender lemonade and a lavender, rosemary, and honey butter board. With its casual atmosphere and family-friendly vibe, the owners have created a space that is warm and welcoming. Se habla (un poquito de) español.

FENCES WINERY is a dream come true for two New Yorkers who were feeling “fenced in” and picked up and moved their family to the Rogue Valley to pursue their love of wine.

FENCES specializes in Cabernet Sauvignon. And what a Cab it is! From its first full production, it garnered all kinds of accolades and awards including Best of Class and being named “One of the Northwest’s top Cabs.” They’ve continued on that path by producing mouthwatering Cabs that delight even the most discerning palates.

FENCES also produces a Rosé of Cabernet Sauvignon, a Sauvignon Blanc, and its newest white varietal, Sémillon—all estate-grown, all award-winning, and all equally as delicious as their Cabs!

The wines are spectacular and personally presented by owners Jody and David Lennon. Their Mediterranean villa, encircled by the vineyard and replete with fountain, is like having a little bit of Italy in our own backyard! The setting couldn’t be more idyllic, nor could the hospitality. With consummate style, Jody entertains groups of six to one hundred. Call to arrange your private tasting, dinner, or event. And prepare to be wowed!

HUMMINGBIRD ESTATE's long, graceful drive takes you up a rise through vineyards and ends where the gables of the stately, white English Cottage-style venue come into view. It's apparent at first glance that this historic site, surrounded by stone walls, gardens and wide swaths of lawn, is ideal for memory-making occasions.

The family-owned estate was previously home to local philanthropists the Carpenter family and to the last territorial governor of Alaska. Today, the mansion serves as a hospitality center where visitors enjoy Hummingbird's wines, celebrate special events, and stay overnight in one of the five charming bed and breakfast suites.

The wines, made by Chris Graves of Naumes Crush and Fermentation, are evidence that Hummingbird's scenic hill offers even more than just a beautiful vista. Favorites include the effervescent White Pinot Noir, the award-winning Malbec and Syrah, sparkling wines, and 80 Beats Brewing beer.

Throughout the year, Hummingbird hosts music, Sip 'n Soup dinners, comedy and movie nights, and other lively events. RELLIK WINERY enlivens the Jacksonville wine scene with panache all its own. The modern yet casual tasting room, with its cool, understated vibe, features retractable doors that extend the space onto a grape-arbored patio, but can still seat up to a hundred on chilly days with the doors closed. Rain or shine, there's plenty of space for the party to go on year-round. The wine list offers established favorites such as Cabernet Sauvignon and Chardonnay while tweaking expectations with Three-Eyed Raven, a proprietary red blend destined to become a Rellik classic. Newer varietals have been added as vineyard plantings of Grenache, Viognier, Merlot and Malbec have come into production. The full commercial kitchen allows you to take advantage of tapas-style food pairings, including European-inspired handmade artisan pizzas, and spicy tomato soup made from scratch with gourmet grilled cheese sandwiches. In season, salads and locally-sourced cheese plates feature pears and apples from the estate orchard.

The outdoor area features an all-purpose event space centered around a white and blue gazebo, the archetypal wedding setting, with a breezy, shaded lawn and footpath that invites the celebration to flow around the adjacent pond. The Rellik House, a complex of three suites with pool and fire pit, is available year-round for overnight stays. At Rellik, the celebration doesn't need to end at closing time.

REMOTION is owned by local couple Ben and Lori Grable. In 2012, they fell in love with the Rogue Valley and settled just outside of Jacksonville. After years of being home winemakers, they continued their hobby thanks to their access to premium wine grapes from local growers. With strong encouragement from Lori, Ben completed the Oenology and Viticulture Certificate Program through UC Davis in 2017 and gained experience working under winemaker Bryan Wilson as an intern. In 2018, they turned their hobby into a small business and Remotion was born.

Their focus is on making small lots of premium Rogue Valley-sourced wines that highlight the unique terroir of the area. Working closely with growers, they are firm believers that great wines are grown in the vineyard. Ben and Lori don't attempt to copy what has worked for other wine producing areas, in or outside of the United States, noting that Southern Oregon is unique and a relatively blank palette on which to create their art. While striving to produce single vineyard, single varietal wines, they also don't shy away from nontraditional blends when it allows production of a deliciously-unique wine.

The Remotion tasting room is located in a historic building in downtown Jacksonville. The tasting room and patio are warm, welcoming, family-friendly spaces to enjoy unique small lot wines, small plates and good company. Weekly offerings such as Vinyl Nights and Game Day provide a gathering place for neighbors and visitors alike.

COWHORN VINEYARD & GARDEN is a 117-acre, Demeter-certified Biodynamic and woman-owned vineyard and garden producing quality wines. The progressive estate is nestled in the fertile Applegate Valley of Southern Oregon, which boasts well-draining soil, lush vegetation, and stunning views. Just a few miles north of California, the property is home to a vineyard, winery, garden, and a beautifully designed, LEED-certified tasting room.

Planted and designed by the renowned biodynamic agriculture expert Alan York in 2005, Cowhorn is one of the few Demeter-certified Biodynamic vineyard and wineries in the country. Cowhorn's Rhône style wines are made with 100% estate fruit from 25 planted acres, receiving more than 100 90+ scores over the years. Geographically, the vineyard aligns with those in the Rhône River wine region of France, and therefore, produces similar varietals: Syrah, Grenache, Mourvèdre, Viognier, Marsanne and Roussanne. Cowhorn's commitment to biodynamic farming and winemaking contributes to the many dimensions of richness and complexity in the wine.

The culinary program, led by Chef Tim Payne is integral to the tasting experience, with beautiful indoor and outdoor tasting areas. Wednesday through Sunday, visitors can enjoy Cowhorn's Estate Wine Tasting with the option to add a seasonal wood-fired pizza pairing to their wine tasting. Soon, guests will be able to round out their experience with Cowhorn's Supper Club, an enveloping, multi-course dinner celebrating a seasonally attuned food-and-wine experience and an overnight stay at the much-anticipated "The Overlook"—a new, contemporary luxury lodge set amidst a natural and tranquil oasis.

DEVITT WINERY was founded in 2003 by Jim Devitt after he and his wife, Sue, relocated from Napa Valley, where they owned Pope Valley Winery. Today, the family tradition continues with grandson, Brendon Butler, after he took over as winemaker in January 2017 following ten years of on-the-job training as Jim's intern, supplemented with enology classes at Umpqua Community College and U.C. Davis.

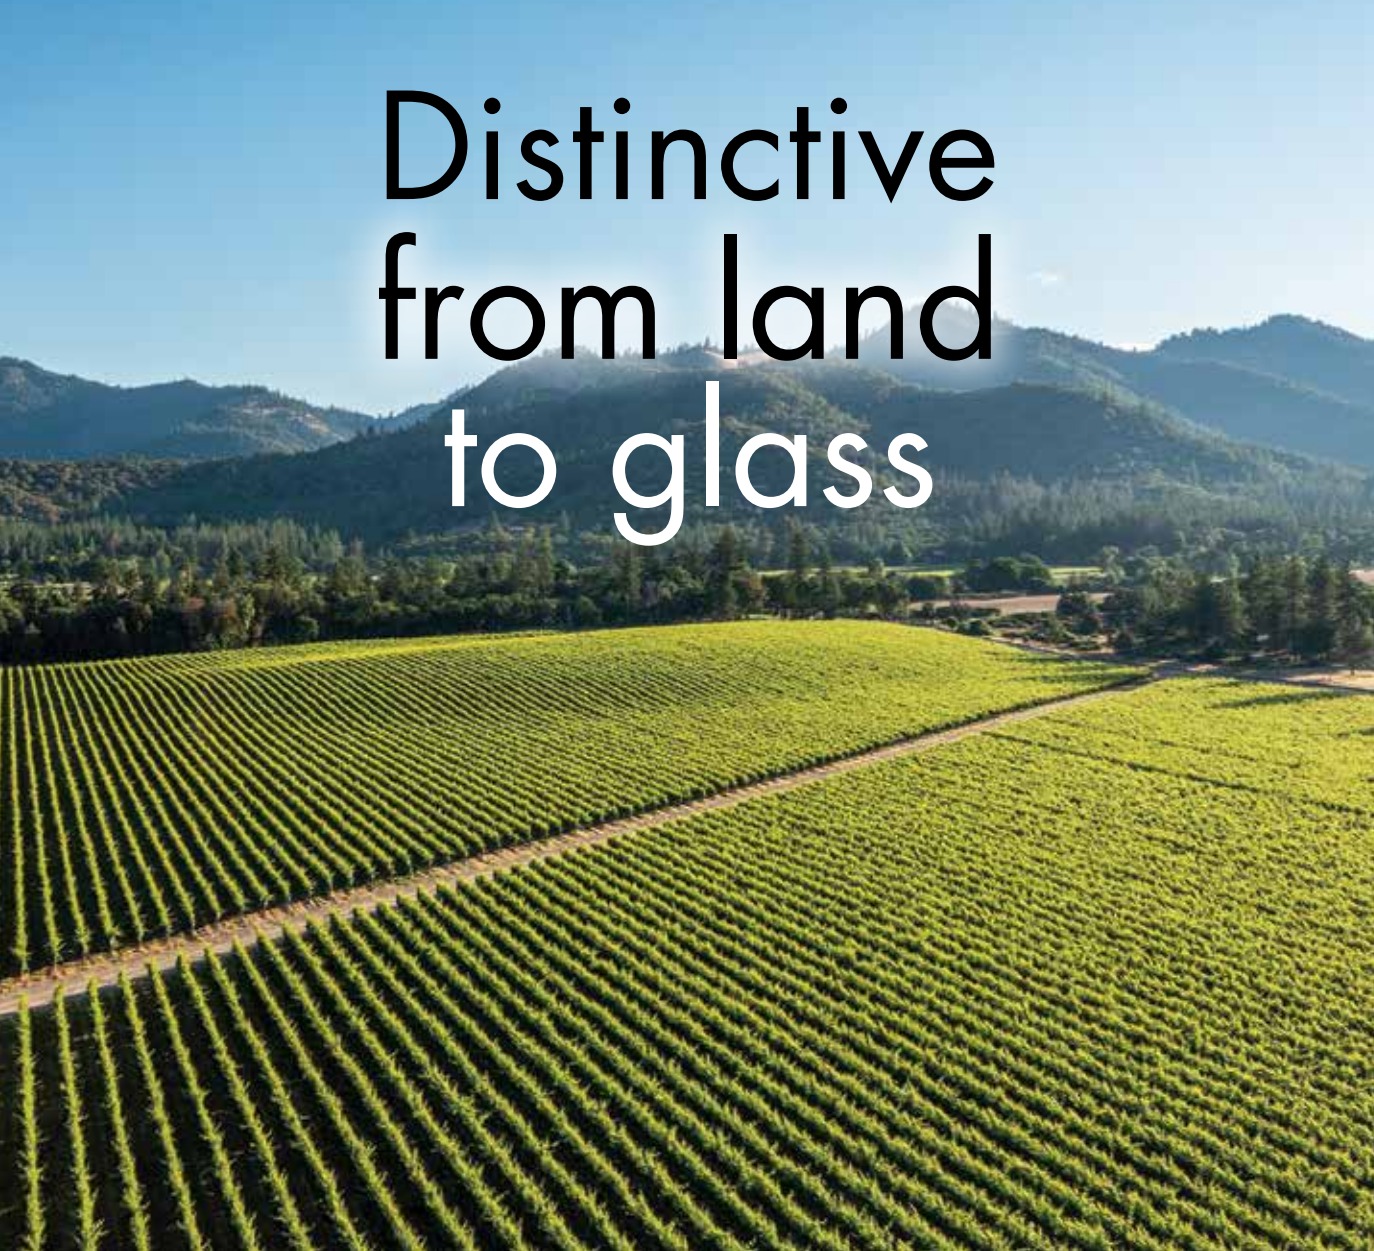

The winery remains a small, family-owned operation where all winemaking processes are overseen by the Devitt family. The winery focuses on Pinot Noir, Viognier, Syrah, and Cab Franc. The wines are aged in-barrel to produce a pleasant mouth feel with full-body characteristics which are all drinkable when purchased with no need to lay them down. Visitors to the tasting room will find the winemaker on-hand to answer any questions along with bottles of all vintages ready to take home and enjoy now.

In keeping with family tradition, visitors will be greeted with a smile and treated to outstanding wines and conversation!

QUADY NORTH's tasting room is located on their organically-certified vineyard and winery site, just outside of Ruch in the Applegate Valley.

Quady North is the name of Herb Quady's Applegate Valley wine venture, a scion of his parents' Fresno area Quady Winery. QN is known for big, bold Bordeaux and Rhône varietals. After working as Assistant Winemaker at the California Central Coast Bonny Doon Vineyard, Herb came to Oregon to found his own brand, convinced that the truly-compelling wines were being made from grapes grown in cooler areas.

In 2005, the family planted their first 15 acres of Syrah, Cabernet Franc and Viognier on an Applegate Valley hillside. Today, the list of varietals has expanded to include Grenache, Grenache Blanc, Marsanne, Roussanne, Malbec, and Mourvèdre. They have also begun producing wines under the "Layne Vineyard" label, honoring that historic Applegate site, first planted by the Laynes in 1973. This line includes old vine Cabernet Sauvignon, Chardonnay and Merlot.

Quady North wines have been named as one of the world's Top 100 by leading wine publications three times over the last 10 years, and have won top honors at the Oregon Wine Competition 4 times. Their Pistoleta was named Best of Class at the Global Fine Wine Challenge. The tasting room features views of the vineyard and Applegate Valley, with indoor and outdoor seating. Small bites, gourmet cheese and charcuterie plates are available.

RED LILY VINEYARDS is a boutique, family-owned winery in the beautiful Applegate Valley, specializing in classic Spanish wines, including Tempranillo and Verdejo. Red Lily is named for Bolander’s Lily, a rare species of red lily growing in the nearby Siskiyou Mountains, and for the owners’ daughter, Lily.

The winery and the tasting room are located in an idyllic setting on the banks of the Applegate River with an amazing riverside beach, the site of their popular summer concert series featuring rising local musical artists.

Red Lily features a rustic-chic tasting room, an outdoor patio with gorgeous views of the valley, a historic 90-year-old pole barn, expansive grounds with lush grass areas dotted with picnic tables, and charming indoor nooks where you can relax and enjoy fabulous wines and food offerings, no matter the time of year or weather.

Red Lily offers an array of Spanish-inspired wines, including their flagship Tempranillo—the 2018 just received a double gold with a scoring of 96 points at the 2023 Savor Northwest Wine Competition. The signature white wine is the Stargazer Lily Verdejo—a Spanish grape that produces amazingly complex and layered wines—the 2021 recently received 94 points and Editor’s Choice from *Wine Enthusiast*. The 2018 Thin Line Reserve Tempranillo took home a gold medal at both the 2023 San Francisco Chronicle Wine Competition and the 2023 Savor Northwest Competition.

VALLEY VIEW WINERY is an iconic name in the Rogue Valley. Not only is it the name of Peter Britt’s original Jacksonville winery, circa 1858, but it also became the name of the first modern winery in the Rogue Valley. Founded by Frank and Ann Wisnovsky, Valley View first made wine in 1976 using fruit from their Applegate Valley estate, planted in 1972.

The winery, celebrating its 50th anniversary, is now owned and operated by sons Mark and Michael Wisnovsky and their children. The vineyard has more than doubled in size and now includes Merlot, Cabernet Sauvignon, Pinot Noir, Tempranillo, Viognier, Malbec and Syrah. Wines are being made by acclaimed winemaker Mike Brunson.

To honor their Italian ancestors and celebrate the 50th anniversary, a new San Giovanni wine series features Italian varieties grown in Southern Oregon such as Barbera, Dolcetto, Sangiovese and Primitivo. The new Domaine Rogue series will feature ultra-premium, small lots of Chardonnay and Pinot Noir.

Wines offered at the Applegate Valley Wine Pavilion in Ruch include Rogue Red, Chardonnay, Viognier, Syrah, Tempranillo, Pinot Noir, Cabernet Sauvignon and Malbec. Visitors are encouraged to bring a picnic and enjoy fine wines and some of the best views of the Applegate Valley from the tasting room, patios and expansive lawn areas.

APRICITY VINEYARD is an expression of Noah Lowry and Laloni Cook’s love of small-scale, hands-on farming, the kind of viticulture that produces clean, healthy grapes and beautiful wines. Formerly Crow and Bear, the one-time horse farm was converted to viticulture in 2014. Noah and Laloni fell in love with the vineyard and bought it in 2016, naming it APRICITY for *the warmth of the sun*. Since that time they have worked on enhancing the health of the vineyard through ecological farming principles including the assistance of resident runner ducks and chickens who freely roam the rows foraging for insects and fertilizing as they go.

Apricity wines are made by Linda Donovan of Pallet Wine Company with minimal intervention, limited sulfites and no chemical additives. Using native yeasts and neutral oak, the winemaking style allows the natural character of the vineyard to show in each Apricity vintage. Opening in February 2019, the tasting room, a repurposed farm structure incorporating rustic elements of salvaged barn wood and mushroom board with a progressively-inspired interactive hempcrete learning wall, is a testament to the diversity and ever-evolving landscape of the Southern Oregon wine region. Laloni and Noah invite you to come and enjoy their boutique vineyard and its uniquely-inspired wines.

BLOSSOM BARN CIDERY makes hard cider from pears. This simply-fantastic beverage, called “perry,” is light, refreshing, and is often called the “champagne of ciders.” Husband and wife Jeremy Hall and Erin Chaparro started Blossom Barn Cidery in 2018 and moved onto the family farm to take it over.

When Jeremy’s folks got to be in their mid-80’s, a farm transition plan was in order. After planting a perry pear orchard and building a cidery powered by solar panels, Jeremy and Erin continue both regenerative farming practices and the family ownership of the farm.

Come enjoy their newly-built tasting room, located in a gorgeous part of the valley, within 5 minutes of seven wineries. Here, you’ll find views of a historic 110-year-old barn, forests, pear orchards, and fields with sheep grazing under the trees. It is a perfect spot for relaxing outside on the patio or inside where you may play one of hundreds of classic games on the arcade table.

Perry is available for tasting by the glass, and to-go in growlers, cans, and bottles. All perries feature fruit grown in their orchard or by other local farmers, supporting the pear industry that goes back 138 years in the Rogue Valley.

ROSELLA'S VINEYARD & WINERY is situated on the Missouri Flat where some of the oldest vines in the Applegate Valley are found, a region known for big reds, among them award-winning Zin. The small lot production of Rosella's is true to this tradition. Rosella's owner and winemaker Rex Garoutte specializes in robust Cabernet and Zinfandel, as well as big red blends, all produced from locally-sourced fruit. In addition to producing wines under his own label, he handcrafts specialty-blends for local restaurants, including the house reds served at Medford's Vinny's and Porter's.

When you order a glass of Rosella's at a restaurant, it probably came from a keg. Rosella's takes pride in the fact that their kegged wines are the same wines that go into the bottle. If you're planning a wedding or a large party and need wine—come to the tasting room to find the wines you want. Rex can help you with details.

The bright and cozy tasting room invites customers to pull up a stool and join in the conversation with Rex or Sandi. If enjoying a warm afternoon is your goal, Rosella's outside seating with vineyard and Grayback Mountain views makes for a relaxing experience. Rosella's is also home to Sprezzels, the spicy pretzel snack available for tasting and purchase.

SCHULTZ GLORY OAKS is the vineyard and tasting room venue of Schultz Wines. Established in 2010 by owners Greg and Debbie Schultz, the couple's business has grown to include eight acres of vineyard and an 800 case annual production. Their naturally-fermented, award-winning wines from Bordeaux, Burgundy, Rhone and Spanish varietals are produced in small, minimally-handled lots by Linda Donovan and her talented team at Pallet Wine Company.

The Schultzes believe that land stewardship, animal and plant diversity, and soil health produce the best grapes and therefore the best wine. Their goal is to develop a living farm system, minimally dependent on off-site inputs, that is highly self-sufficient. They farm without the use of harmful chemicals, rather, they share the bounty and the workload with chickens, sheep and goats, their mowing and fertilizing crews. The natural fertilizer builds moisture-retaining soil structure in the vineyard and better pastures which then recycles into hay for the livestock. In their minds, these practices produce the best and cleanest wine that is truly reflective of the place.

In 2015, they converted the 1949 ranch house on their property into a solar-powered tasting room, delivering net-zero power. Bring a picnic lunch and savor fantastic wine while enjoying the stunning views of the surrounding hills and valleys. The Schultzes want to get to know you, to share more of their story with you, and to hear your stories.

WALPORT FAMILY CELLARS is a celebration of family, wine, and the natural beauty that surrounds it. The Walport family has lived in the Applegate valley for three generations, giving them a deep appreciation of the land and a unique understanding of the terroir. This knowledge and love for the area's natural resources is evident in their boutique wines, which are carefully crafted to showcase the flavors of their hand-curated vineyards.

Nestled in the heart of the Applegate Valley wine region, the inviting tasting room is surrounded by a serene forest, with comfortable bistro tables and gazebos placed among the vineyard and woodlands, making it the perfect spot to relax and savor some award-winning wines. The sustainable permaculture farming practices used in their vineyards are a testament to their commitment to the land and its preservation.

WOOLDRIDGE CREEK WINERY & CRUSHPAD CREAMERY

WOOLDRIDGE CREEK WINERY & CRUSHPAD CREAMERY is proud to be Oregon's first combined vineyard, winery, and creamery. The vineyard is nestled into the hillsides near the Applegate River, which is within the Applegate Valley sub-AVA of the Rogue River winegrowing region. Ted and Mary Warrick first planted the vineyard in 1978 and named it after the Wooldridge family who first settled the area in the 1800s.

For two and a half decades, Wooldridge Creek Vineyard's grapes were sold to renowned wineries throughout Oregon. In 2005, they began making their own wine from their grapes, and the winery and tasting room were built on the property. The vineyard has been expanded over the Warrick's 40 plus years farming the land, from the initial 18 acres to the current 52 acres and 12 different grape varietals. Eager to add to the tasting room guests' experience, the Crushpad Creamery was established in 2015 to produce craft cheeses on site from locally-sourced organic milk.

The sustainably-designed winery offers unparalleled mountain and valley views in a relaxed and unassuming atmosphere—the perfect spot to gather with friends and enjoy a variety of world-class wines, hand-crafted cheeses and locally-sourced charcuterie. Enjoy a tasting flight, a glass, or a bottle of wonderful wine along with a cheese plate or a chef's board that features all the fantastic food offerings.

PLAISANCE RANCH traces its roots to a pioneering French vintner, Joseph Ginet, who established a vineyard on Sterling Creek outside Jacksonville in the 1890's called "Plaisance Orchards." Along with selling grapes and grape plant starts, he produced various orchard fruits.

In 1998, third-generation, Joe Ginet, grandson of Joseph, with help from cousins from Savoie, France, established the modern-day vineyard in the Williams Valley, planting 18 varieties and six rootstocks on 17 acres of the 210 acre ranch.

A winery with such a heritage could hardly be ordinary, evidenced by a slew of accolades including consecutive years of 90+ ratings from *Wine Spectator* and *Wine Enthusiast*, and being #5 on the *Seattle Times* "Top 50 Wines of the Pacific Northwest." Most recently, the 2021 Ginet Rosé was awarded Double Gold at the 2022 Oregon Wine Experience and *Wine Enthusiast* gave the 2018 Syrah 92 points!

Winemaker Joe Ginet and his wife Suzi welcome visitors to their tasting room to taste wines produced according to family tradition. They also produce certified organic grass-fed beef, so don't be surprised if you leave with a few pounds of premium beef in addition to a few bottles of exquisite wine.

The ranch offers a unique Southern Oregon experience. After all, Plaisance means "with great pleasure!"

The unique 1500-square-foot "Treeloon" tasting room—a combination tree house/ tasting room perched in the tree tops, offers guests a magical location to enjoy one of the region's most incredible settings with stunning views. The "Treeloon" was showcased on a 2016 episode of the DIY network's hit show, "The Treehouse Guys!"
